Sold at wholesale and retail. Agents wanted.

—Collector Seabough informs us that he prepared 187 tax bills upon which to bring suit at this last term of Circuit Court. For some reason action was only taken on some thirty or forty. Somebody is sadly neglecting duty in this matter.

If this pinches you, you deserve to be pinched.

He tells us that he applied it to the wound on his finger and it took a hold at once. After removing the stone it was put into a pan of water and discharged therein its contents which were of a green, slimy appearance. John Barrett, a neighbor who has seen mad-dogs and witnessed the results of their bites, and who assisted Mr. Harris to apply the stone, says that the discharge is the same as he has before witnessed. Mr. Harris experiences no pain nor alarm. It has been about 20 days since he was bitten.

—Miss Mary Snider, daughter of Mrs. Sophia Snider, died very suddenly Sunday evening of a heart disease. She had been around as usual, went into a room and lay down upon the bed. Her mother went into the room in a few minutes and found her almost a corpse. She gave an alarm, but the young lady died in a very few minutes, and before assistance reached her. She was in the full flush of life and never was sick but little. She was some 17 or 18 years of age. She had a host of friends and many of them attended her funeral at Hahn's Chapel, Monday.

—Have you used Dr. Jacques & Son's cure for chills? If not, you should buy it at once. They have sold over five hundred bottles this season at retail, alone. A box of pills goes free with each bottle; all for fifty cents. Regulation size of one hundred pills. One bottle has been known to cure three cases of chills. It contains no poisonous medicine, or anything that will injure the most delicate or the youngest child. Dr. Jacques & Son, Lutesville, Missouri, proprietors and manufacturers of it. Sold at wholesale and retail. Agents wanted.

—A few parties from Marble Hill attended the Wheel and Alliance picnic at Greenwood, near Bollinger Mills, on the 18th. A Press reporter was among the number. The programme began with some selections of vocal music by the singing class. Next was an able essay written and read by Monroe Hindman. After this dinner was announced. Although there was a good sized crowd, there was more than enough to eat for twice the number present. Besides the well-cooked meats and other articles set out by the good farmer wives, there was an abundance of good barbecued meats done to a turn. After the dinner the exercises were renewed by choice songs by the choir. After this a brief and pithy address was delivered by J. W. Hickman, State President of the Farmer's and Laborer's Union. Joseph Baker, Thomas Rigdon, Geo. W. Edmonds and a Mr. Black each good, short talks, the first named not forgetting to hit the high tariff barons some deserved blows in an open fair way. The next exercise was marching by members of the order, and the emblems of the order were borne at the head of procession. Taken all in all it was a pleasant occasion, and yet reporter was well received and felt the better for having attended.

From Lufkin.

Business is lively in our little city.

Wheat-sowing is the order of the day.

Our young sports spend their spare time playing croquet.

Hog cholera is killing the hogs a few miles south of this place.

There is considerable sickness in this section, especially chills.

Grand preparations are being made for the picnic on the 3rd of October.

The new brick storehouse of Dr. J. M. Finney is progressing finely under the supervision of H. J. Kline.

On last Monday night some one entered the smokehouse of Wm. J. Fisher and took some very strong bacon.

Some would be critic, with more on his head than in it, while his hands were yet foul with the spoils of Wm. Fisher's smokehouse proceeded, in a most dastardly manner, to mutilate and deface the Wheel and Alliance picnic posters at Lufkin by erasing a portion of the programme, and among other things announcing himself as one of the speakers of the day.
